

GREEN HCOE

Our new HCO series has now been upgraded to a green version. The 3M1 temperature range extends the area of use of this open self-service display case.

Maximum product pressure via increased shelf depth and 4 levels.

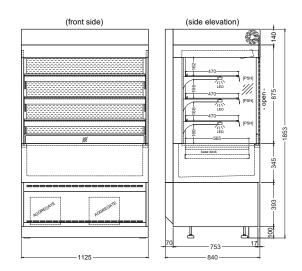

Highlights

- Grab & go: open customer side for fast and easy access
- Insulation glazing, refrigerant propane (R290) and night roller blind for best possible
- Optimised air flow and refrigeration technology to achieve temperature class 3M1
- Deep shelf for maximum filling

Accessories and custom options

- RAL powder coating
- Electric roller blind with remote control or app control
- PRO version for stand-alone solutions
