

GREEN COOLING TOWER

The new insulation glass cooling tower provides flexible use and linear design. Whether used as a presentation tower or self-service solution, the Green Cooling Tower from IDEAL AKE will keep your products perfectly chilled at 3M1.

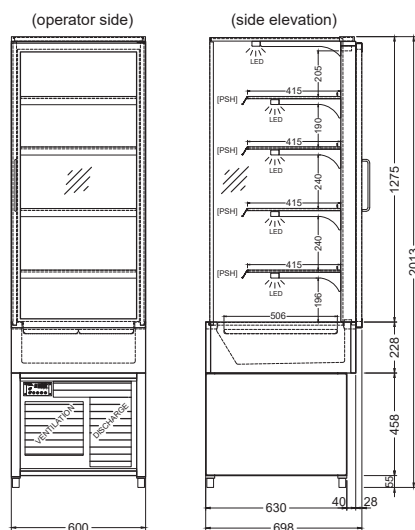

Highlights

- Delicate and transparent design for a perfect view of the product range
- Can be used as self-service unit or with service
- Environmentally friendly refrigerant propane (R290)
- Door hinges can be on the left or right side (easy to change)
- 4 intermediate glass shelves, height-adjustable and tiltable with price tag holders included
- Stand-alone unit with all-around visibility
- Condensate evaporation

Accessories and custom options

- RAL powder coating
- Mirrored inside glass for wall placement
- Mirror effect: hinged door with one-way mirrored glass
