

CALEO BASIC

New: with an additional intermediate shelf Integrate our new air-conditioned heated display case Caleo Basic into your planning – a high-end self-service solution for hot products. The focus on longer freshness is ensured by means of humidification and a stable core temperature.

Highlights

- Grab & go: open front for quick and easy removal
- 3 heat sources: humid heat, infrared supporting heat and primary heat
- Air humidification via a heated water tray including a tank system for vapour production ensures longer product shelf life (with integrated filter)
- 4 black glass display areas
- Best possible protection of products through cough guard on customer side
- Flexible application options by combining with Caleo, installing against a wall or stand-alone, etc
- With castors for convenient positioning

Temperature range

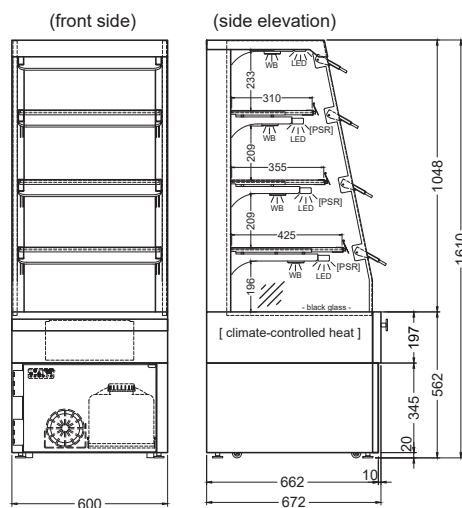

Product
> +65 °C

Accessories and custom options

- RAL powder coating
- Rail
